| 2018 | May 18-19           | Space Renaissance Italia held the congress "Orbital laboratories: first steps of civilization expansion into outer space", at INAF Bologna <a href="https://sritac.spacerenaissance.space/">https://sritac.spacerenaissance.space/</a>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
|      | June 19-21          | SRI was present at UNISPACE+50 in Vienna, giving a short but meaningful pitch.<br><ul style="list-style-type: none"> <li>- An Open Letter to UNISPACE+50 Conference <a href="https://spacerenaissance.space/an-open-letter-to-unispace50-conference/">https://spacerenaissance.space/an-open-letter-to-unispace50-conference/</a></li> <li>- Adriano Autino briefly talks to UNISPACE+50 conference in Wien, the July 19th 2018 <a href="https://youtu.be/U33CrEHbljg">https://youtu.be/U33CrEHbljg</a></li> </ul>                                                                                                                                                                                                                                                                                                                                                                                                              |

| Year | Date              | Activity                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
|------|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|      | October 1-5       | We were present at IAC 2018 in Bremen, giving a paper, and promoting our positions in several symposia and meetings                                                                                                                                                                                                                                                                                                                                                                                                                      |
|      |                   | Space Renaissance USA chapter realized some important relationships with politicians which are influent in the USA space policy, such as the Congresswoman Grace Meng, in September                                                                                                                                                                                                                                                                                                                                                      |
|      |                   | SRI India developed the Space Renaissance India own website, and is working hard to incorporate SRI India chapter                                                                                                                                                                                                                                                                                                                                                                                                                        |
|      | November 27-28    | SRI was present at Spacecom 2018 – Houston                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
|      | November 27-28    | SRI was present at Newspace 2018 – Luxemburg                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
|      |                   | SRI had a new Executive team, working to develop Space Renaissance Academy, to renew our main website, and to improve our working infrastructure                                                                                                                                                                                                                                                                                                                                                                                         |
| 2017 | February          | SR Academy website was created.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
|      | May               | SR Academy - 3 Webinars on Astronautic Humanism: definitions, main concepts, evolutionary aspects <a href="https://spacerenaissance.space/space-renaissance-academy-webinars/">https://spacerenaissance.space/space-renaissance-academy-webinars/</a>                                                                                                                                                                                                                                                                                    |
|      | July              | SR Academy - Talks about future of civilization in 200 years: Ziolo, Bloom, De Paulis, Wolfe, Paura, Globus, Bisk <a href="https://academy.spacerenaissance.space/space-renaissance-talks-about-future-of-civilization-in-200-years/">https://academy.spacerenaissance.space/space-renaissance-talks-about-future-of-civilization-in-200-years/</a>                                                                                                                                                                                      |
|      | August 07         | Declaration of the Space Renaissance, approved by the Space Renaissance International Congress, special session, August 07 2017 <a href="https://spacerenaissance.space/declaration-of-the-space-renaissance/">https://spacerenaissance.space/declaration-of-the-space-renaissance/</a>                                                                                                                                                                                                                                                  |
|      | October 6         | An Open Letter to United Nations, on 50th Anniversary of the Outer Space Treaty, co-signed by Lifeboat Foundation, Greater earth, Team Synergy Moon, Human Synergy Project, Space Development Foundation <a href="https://spacerenaissance.space/an-open-letter-to-united-nations-on-50th-anniversary-of-the-outer-space-treaty/">https://spacerenaissance.space/an-open-letter-to-united-nations-on-50th-anniversary-of-the-outer-space-treaty/</a>                                                                                     |
|      | October 10        | USA, USIP, October 10th, Outer Space Treaty, 50 Years Anniversary, Space Renaissance USA, Inc. & Lifeboat Foundation (the event was not done)                                                                                                                                                                                                                                                                                                                                                                                            |
|      | October 10        | SR Italia, Outer Space Treaty, 50 Years Anniversary: an opportunity to boost the adoption of a true space law system, to rule and support civil activities in space (the event was not done)                                                                                                                                                                                                                                                                                                                                             |
|      | October 18-21     | Nigeria – Lead City University, Ibadan, hosts the first event of the Space Renaissance Tour (the event was not done)                                                                                                                                                                                                                                                                                                                                                                                                                     |
|      | Autumn            | UK, Space Renaissance Tour events will take place in Glasgow and Edinburgh (the event was not done)                                                                                                                                                                                                                                                                                                                                                                                                                                      |
